Services
Academy
of Family
Physicians**

Uniformed Services Family Medicine Residents and Fellows,

Welcome to the USAFP family! As the AAFP chapter serving those who serve in uniform, the USAFP (Uniformed Services Academy of Family Physicians) is an organization that understands the unique challenges our members face in caring for those in harm's way. USAFP members are family physicians from the Army, Air Force, Navy, Coast Guard, Public Health Service and Space Force serving around the globe. USAFP membership offers its members many valuable experiences such as: excellent networking with leaders in military family medicine, mentoring opportunities, as well as outstanding yearly CME at our annual conference. The annual conference also offers opportunities for faculty development, resident and student fellowship, a research competition and a chance to get involved in chapter and national leadership. Not to mention invaluable tips on how to more successfully prepare for that first military assignment out of training or deployment, and how to navigate the various career tracks available to uniformed family physicians.

We hope you choose to be a full member of the USAFP and register with our chapter. We understand for some of those training outside military graduate medical education programs, there may be a desire to participate in your state chapter. The USAFP offers adjunct chapter membership in our academy for those who choose to maintain full membership in the state chapter of your current training program. This allows you to take advantage of all of the great resources USAFP has to offer, including mentorship opportunities, USAFP communications, online resources, and membership rate at the Annual Meeting held each spring. If you would like to know more about membership or any of the above opportunities, you can visit our website www.USAFP.org or reach out to the USAFP Office at (804) 968-4436 for assistance with updating your AAFP membership.

We look forward to seeing you at the next USAFP annual conference or online at a virtual book club or journal club!! We're Better Together with you here!

Very respectfully,

The 2025-2026 USAFP Resident Board Representatives

CPT Andrew Collyer

LT Erin Lucero

Capt Jacob Steins

The 2025-2026 USAFP Resident and Student Affairs Committee Co-Chairs
